An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In the specification:

On page 1 line 3, --, now U.S. Patent No. 6,374,731-- has been inserted after "1997".

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. EP 919 372, published after the effective filing date of the instant application and assigned to the same assignee, teaches four pages across and one page around. See the Abstract, for example.

The Declaration under 37 CFR 1.132 filed January 26, 2005, coupled with Applicant's Remarks, is sufficient to overcome the rejections of claims 1 - 14.
